Spectrum of desired vehicles submitted by client and reported on below:

	Predicted Psychosocial Impact	Rating
 <p>1984 Monte Carlo SS</p>	<p>Periods of euphoria interspersed with mixed satisfaction and a dull feeling of lower body numbness. Pride of ownership and status. Relative happiness.</p>	<p>90%</p>
 <p>1979 Cadillac Eldorado</p>	<p>Accelerating personal obesity and motivation issues. Loss of interest in the lower classes, a general sense of detachment like a catnip high. Intolerable arrogance resulting in divorce.</p>	<p>50%</p>

	<p>Sudden intense buyer remorse culminating in mental illness. Social stigma and embarrassment. Loss of relationships, progressive sexual impotence.</p>	<p>5%</p>
	<p>Toxic alpha dominant male syndrome. Intense periods of happiness and pride punctuated with intense fear of loss. Pride of ownership and sudden new friends, a sense of belonging and a vague feeling of growing personal worth. Testosterone reduction drugs prescribed resulting in genital shrinkage. Female attention flourishes.</p>	<p>75%</p>
	<p>Self worth and calmness, a deep feeling of solitude and aesthetic beauty roughly equivalent to Buddhist enlightenment. Pride of ownership and slowly increasing male hormones. A general purging of personal problems.</p>	<p>90%</p>
	<p>An intense feeling of oneness with the universe. Sudden attention from unknown women. Substantial upper body muscle growth coupled with hair regrowth. Long term harmony with all.</p> <p style="text-align: center;">RECOMMENDED</p>	<p>95%</p>
	<p>A bitter sense of worthlessness and self-hatred, reliable however.</p>	<p>2%</p>

BTM Cheetah

Psychedelic highs with attendant lows when seeking servicing. Gyration in hormones that defy medical explanation spawn uncontrollable sexual urges and desire for 1960's music. Schizophrenia.

80%

2005 Volkswagen Beetle

Near-immediate psychiatric treatment coupled with high strength anti-depressants, culminating in medical suicide watch.
